Pickering: "I applaud TV Watch for their commitment to educating parents...creation of TV Watch is a positive development"

(WASHINGTON, D.C.) – Today Congressman Chip Pickering (R-Miss), Vice Chairman of the House Energy and Commerce Committee, made the following statement:

"I applaud TV Watch for their commitment to educating parents on how to control what their children see on TV. It is rare that we see such a politically diverse coalition of organizations and individuals willing to work together on such an important issue. The creation of TV Watch is a positive development and a new voice in the effort to find a solution to this problem."
