This past year, the hundreds of individuals, families, businesses and other groups who house their giving funds at The Community Foundation gave \$6.1 million to nonprofits serving Montgomery County, a surprising 13% increase from the previous year despite the economic downturn.

The Community Foundation for Montgomery County, an affiliate of The Community Foundation for the National Capital Region, is especially proud that so many families and businesses decided to "give where we live" through the Sharing Montgomery Fund and its sister community leadership funds dedicated to addressing the most pressing needs in our community.

The Sharing Montgomery Fund has a 14-year track record of supporting local nonprofits serving the country's low-income children, families and seniors.

The Neighbors in Need Montgomery Fund, is an emergency fund responding to the growing needs of people suffering since the economic downturn.

The Nonprofit Advancement Fund strengthens the leadership and management of nonprofits, especial small and emerging organizations that serve the county's diverse communities.

The Excel Beyond the Bell Fund, supports high-quality programs that enable low-income children and youth to make smart choices, discover their talents, and succeed in school and beyond.
