Ride the Great Valley

Cycle over the slopes and valley floor of the Great Valley this fall on The Citi Bike Ride for the American Heart Association. Join with friends and family to ride back in time when

the pace of life afforded a moment to gaze upon what is and wonder what may be, to feel the breeze pushing through the boughs

of maple leaves, to cut through the atmosphere in a synchrony of mind, body, and machine, to enjoy the day, to make a memory.

You can do it all in the shadows of more than two hundred and thirty years of rich national history, over stone bridge

monuments to hardworking entrepreneurs full of determination and a vision of progress, and within reach of the region's rich farming heritage. Test your physical mettle in a technological age, and establish your humanitarian credentials as you contribute to fund research in behalf of The American Heart Association.

About the Courses:

Travel the rolling countryside in a North-South oval through Franklin County, PA, and Washington County, MD, defined by Marion to the north, Mt. Lena on the south, Smithsburg toward the east, and Citi at the west. You'll travel the historic National Pike and traverse gently rolling roads, nostalgic with charming names like Grindstone Hill, Iron Bridge, Crystal Falls, Little Antietam, and Old Forge. You'll finish knowing it was a good day, well done!

Things to Know:

- ♥ Two Course Options: 33.5 Mile Loop and a Metric Ride
 - ♥ Rest stops for both courses with light food and refreshments and restrooms provided
 - ♥ Course support provided
 - ♥ Hot, grilled food provided (hot dogs, hamburgers, beverages and ice cream)
 - ♥ Start and finish at Citi
- Citicorp Credit Services, Inc.**
14700 Citicorp Drive
Hagerstown, MD 21742
- ♥ Course goes through Smithsburg, Leitersburg, and Hagerstown
 - ♥ All proceeds go to the American Heart Association
