

RELAY TEAM INFORMATION

- For 2017, the Huntsman 140 is excited to offer the option to register a relay team! We hope this will allow more of our riders the opportunity to enjoy the scenic "Founder's Route," pioneered by Jeff Warren after his battle with cancer in 2001.
- Riding with a relay team has many advantages, even to riders who plan on completing the full distance. Depending on you and your team's specific needs, some or all of the following may apply to you!
 - Experience the H140 Founder's Route broken down into four legs
 - Mix and match legs to create the perfect distance for you
 - Stay out of traffic; three of the four legs are on quiet, scenic, rural roads
 - No need to pedal the same roads twice
 - Party in the car with teammates when you're not on your bike
 - Built-in transportation down to Delta and home from the finish
 - Access to personal gear and nutrition at each relay transition zone
 - Create multiple teams so you can ride with friends/family
 - Involve more people to cast a wider fundraising net
 - More is always merrier!
- Cyclists that want to "relay" the Huntsman 140 have the option of riding as 2, 3 or 4 person teams.
- Relay team transitions are ONLY allowed at the locations noted below and within the designated transition area. Please see course maps for driving directions and location of vehicle parking.
- Relay transitions must occur while both cyclists are stopped and off the road. Cyclists should use extra caution when re-entering the road.
- Transition zone locations and leg mileage are as follows:
 - **LEG 1: Delta to Lyndyl**
Total Miles: 24
Transition Location: Lyndyl – Access: from Delta via US6; Exit: north on SR132 to Nephi
Course Map: [RideWithGPS.com](https://www.ridewithgps.com)
 - **LEG 2: Lyndyl to Elberta**
Total Miles: 46
Transition Location: Elberta – Access: I-15 to Mona (exit 233), Goshen Canyon Road, US6; Exit: east on US6 to Santaquin
Course Map: [RideWithGPS.com](https://www.ridewithgps.com)
 - **LEG 3: Elberta to Westlake High School**
Total Miles: 32
Transition Location: Westlake High – Access: I-15 to American Fork (exit 278), SR145; Exit: east on SR145 to American Fork
Course Map: [RideWithGPS.com](https://www.ridewithgps.com)
 - **LEG 4: Westlake High School to Finish Line**
Total Miles: 38
Finish Location: Fort Douglas – Access: I-15/I-215 to Salt Lake City
Course Map: [RideWithGPS.com](https://www.ridewithgps.com)
- Relay team vehicles should access transition zones by driving on roads NOT used by cyclists. The three relay transition zones (Lyndyl, Elberta, and Westlake High School in Saratoga Springs) are all accessible using Interstate 15 as the main north-south travel route. Refer to event course maps for additional information. [Event Guide](#) [RideWithGPS.com](https://www.ridewithgps.com)
