

# Mary's Walk

Mary Jude Kerry Libby lost her courageous battle with cancer on March 7, 1997. An avid walker, Mary was well known for her friendly smile, gracious charm and kindness and became well recognized during her daily walks. Mary's Walk follows a portion of her daily route through Saco and is a tribute to her warmth and the encouragement she shared with all.

Mary's Walk is a time to gather as a community to recognize those who, like Mary, quietly labor, love, and lead others, to renew our commitment to life, to each other, and to our common struggle against cancer. Mary's Walk is a time to celebrate the strength and success we can achieve together. And we have! In 11 years we have raised \$1,241,300 for cancer research in Maine with all proceeds going to the Maine Cancer Foundation.

Established in 1976, Maine Cancer Foundation is dedicated to improving the health and well-being of Maine people. A charitable grant-making organization, the Foundation funds scientific laboratory and clinical cancer research, professional and public education and patient and family support programs throughout Maine. 100% of funds raised remain in Maine.

Because of the tremendous support of individuals, families and businesses on whose kindness we depend, Maine Cancer Foundation is able to fund cancer research through grants to a variety of Maine based organizations. In addition, grants are also awarded to advance cancer education and patient support at numerous Maine facilities.
