## EXECUTIVE SUMMARY

### **Antisemitic Incidents in the Greater Paris Region**

(1 January 2002 - 31 March 2003)

Since October 2000, over 550 incidents in the Greater-Paris area were reported to the BVCA (previously known as 'SOS Truth and Security'), a grass-roots project in association with the Simon Wiesenthal Centre.

#### **Between 1 January 2002 and 31 March 2003:**

- 290 incidents were reported (3 main categories: anti-Jewish incidents, Middle-East related antisemitism, propaganda & misinformation).
- 60 preventive measures were taken (demonstrations, meetings with the media &/or civil authorities, inter-religious dialogue, defence of the image of Israel, etc.).

Forms of assistance to victims: hotline (01 43 63 30 29), psychological & legal support, media exposure, statistical data, sociological analysis, etc.

The project has become a reference for community, national and international media.

For the period in question, the overall balance on antisemitism is sombre.

There are 3 issues that have to be addressed urgently:

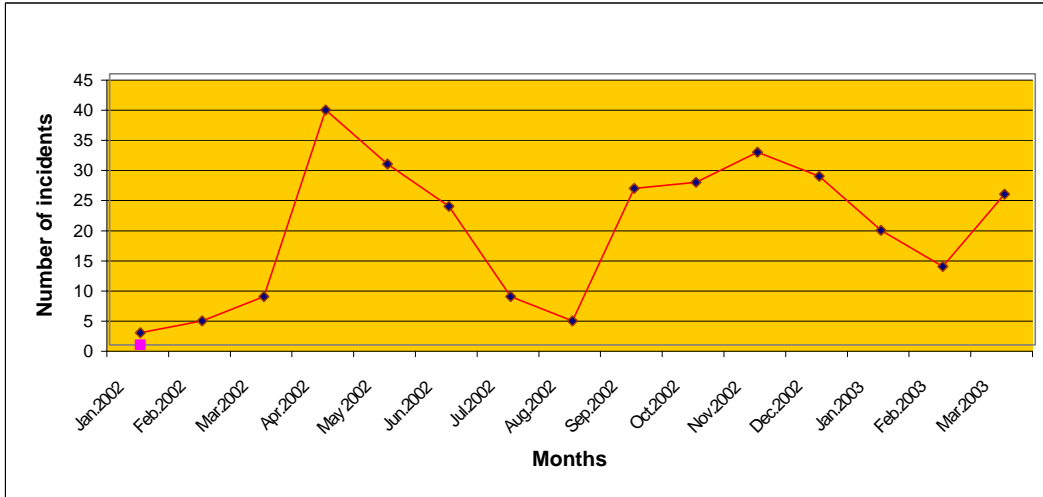

- 1) Greater security for Jewish buildings (schools, synagogues, etc.) and events
- 2) Further coordination of activities against antisemitic violence: data gathering; educational, legal, political coordination, etc.
- 3) Speedier trials and more rigorous sentencing of perpetrators.

Attached are two graphs showing intensity of incidents over the last 15 months and a detailed chronological list.
